Student Worker at Ramboll Management Consulting  
Central Region, Denmark  
Management Consulting

**Experience**

Student Worker  
Ramboll Management Consulting  
August 2014 – Present (6 months) Aarhus

After an interesting and challenging period as a intern, I continue to work at Ramboll Management Consulting in the department of Growth, Economics and Planning (the former department of Economics) beside taking master courses at Aarhus University.

Intern  
Ramboll Management Consulting  
February 2014 – July 2014 (6 months) Aarhus

I work as an intern in the department of European Policy and Economics. I am part of the Economics team located at the Aarhus office. The primary area of analyses conducted by this department includes socioeconomical analyses on regional, national and international level. In Ramboll Management Consulting there exists a strong team spirit combined with a large degree of autonomy in the intern position. This implies that I work independently with sparring and coaching from the consultants that I work the different sized cases with.

Junior Sales Coordinator  
Arnsbo Media ApS / Voice Archive  
October 2012 – June 2013 (9 months) Aarhus

Arnsbo Media is a medium sized multimedia company, in which I was employed in the Voice Archive department, where I primarily worked with sales and delivery. I was responsible for contact with both Danish and international costumers and composed tenders based on the costumers' needs. I described the asignment for our voice artists, sat up deadlines, and using the in-house developed software, I facilitated the sales.

Debt Manager  
Den Sociale Retshjælp  
October 2012 – June 2013 (9 months) Aarhus

Den Sociale Retshjælp, DSR, offers both legal and economical counselling, where the latter was my primary work area. The organization is mainly run by vollunteers and this was also the position I had during my time with the organization. The clients were mainly groups with scarce resources who had different degree of debt problems. I gave advise over phone to the lighter cases, however, regarding the clients

who had massive debt problems, I processed the cases by negotiating directly with debt collecting agencies, banks etc. on behalf of the clients.

## **Languages**

- English, Full professional proficiency
- German, Limited working proficiency
- Norwegian, Limited working proficiency

## **Education**

Aarhus Universitet

Stud.cand.oecon, Department of Economics and Business

2010 – 2016 (expected)

I hold a bachelor degree in Economics and Business from Aarhus University, which I received the summer of 2013.

I continued my studies by enrolling in the Master's Degree Program immediately after graduating from the bachelor program. I expect to graduate medio 2016.

Activities and Societies: Finance and Consulting Club Aarhus

University of California, San Diego

Studied a semester abroad, Department of Economics

2013 – 2013

I studied one semester at the University of California, San Diego, where the Department of Economics usually rank among the top 20 universities in the world. I followed two second-year courses, which are part of the five-year PhD program at UCSD.

Furthermore, I followed a course at the UC, San Diego Extensions program.
